

Let's Have A Die-alogue

About death, dying, grief and loss

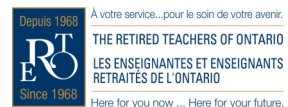

We bring people together to talk about living now and planning for the future. Life has a final chapter. Death is one of the most significant events we will ever have to face, yet many find it difficult to talk about.

During this one-hour interactive session, Hospice Niagara representatives will lead group participants through conversation, activities and videos about life and death. Our aim is to have participants feel relaxed, gain new insights and leave with an altered perspective towards death and dying.

To book your session, please fill out the **Speaker Request Form**.

We thank and acknowledge the Retired Teachers of Ontario District 14 Niagara, its members, (retired educators and non-educator employees of Canadian School Boards or educational organizations who have joined RTO/ERO), that through their seed funding for this project have demonstrated that RTO/ERO District 14 and its members care about their communities and about public education, and are willing to help others who need assistance.
