

A Lasting Legacy

Planned giving provides a unique opportunity for you to support Hospice Niagara now by designating a future gift. With your planned or deferred gift, you can be assured that Hospice Niagara will continue to provide compassionate palliative care for future generations – a gift well worth your investment.

A planned gift need not be a financial obligation to you now, but can offer you substantial tax benefits as part of your long-term financial plans. Such gifts allow you to make a meaningful contribution regardless of your age or financial situation.

A planned gift can be made through:

- a bequest in your will
- life insurance policies
- stocks, bonds or securities
- property

By arranging a planned gift today, you will demonstrate your commitment to individuals in our community who are facing a life-limiting illness. A well planned gift creates a lasting legacy of care, hope and encouragement for those who need it most.

Discuss Your Options

When considering a gift to Hospice Niagara, please contact our Gift Planning Officer to arrange a meeting. Since every situation is different, we would be pleased to discuss your gift planning options with you.
